2017 Graduation Photo/Video Order Form

Steady State Studios will be on hand on June 10 2017, capturing the ORCA graduation in video and photos. The graduation video will be an edited, exciting snapshot of your graduate at this pivotal time in their life, and is available on DVD or blu-Ray. Ceremony photos will be hosted in a gallery (<http://steadystatestudios.zenfolio.com/orca2017>) and available for print, or digital-download purchase. Images will be online no later than June 20th. This gallery **will** be password-protected, so please provide your e-mail address or call us to receive it.

While you can order the DVD or the photos individually, we've bundled them together in some of our packages (see the accompanying flyer!) to make ordering a breeze. Take a look & let us know what you'd like!

The estimated completion and shipping date of the video DVD/blurays is approximately one month after the graduation, so **if you haven't received your video discs by mid-July, please contact us**. Additional copies are available at 50% of the original cost; \$12.50 for a DVD or blu-ray beyond the first. Shipping is included.
